

DAWSON SAFE HAVEN FOR CHILDREN, YOUTH AND FAMILIES

Client/Owner: Knox HOPE Community Development Corporation, Inc.

Architect: Oishi, Inc.

Contractor: Southway Builders, Inc.

Project Financing: \$450,000 - Baltimore City Bond Funds, State Community
Legacy Funds

Project Completed: 2007

In partnership with Knox HOPE CDC, a faith-based developer, the French Development Company oversaw the renovation of the former Dawson family home in the Oliver community into a multipurpose center/after school facility called the Dawson Safe Haven for Children, Youth and Families. French worked with Knox's Board to select an architect, develop a space plan, formulate construction and development budgets, and obtain funding from State and City government. Construction was completed early in 2007.
