**Project Financing:** \$1,200,000 - Private, State Bonds, Baltimore City Bonds

**Project Completed:** 1999

Development of the Greenmount Senior Center was an initiative of the Korean community in Baltimore which needed a facility that would provide seniors in the Korean community with a place to meet, enjoy social and educational programs and day time activities. The French Development Company, Inc. served as the development consultant to the Baltimore Metropolitan Korean Senior Center, Inc., a non-profit created to develop the project. The new senior center was located in a vacant City school.
